# Community Level Evaluation

*Asking and Answering the Right Questions*

Rodney Wambeam, PhD

Promoting a Healthy Wyoming

September 18, 2019

What kind of “programs”  
are you implementing?

What are you trying to  
accomplish?

What are your processes  
and outcomes?

# What is your level of change?

What is your  
research question?

# How can you measure change?

How do you know your  
“program” made the change?

What do you do with  
this information?

Wyoming Survey & Analysis Center  
UNIVERSITY OF WYOMING

# Thank You!
